SUMMARY

Experienced Software Engineer with around 5 years of expertise in web development, specializing in both frontend and backend technologies. Proficient in JavaScript, React.js, Node.js, HTML, and CSS, with a strong grasp of modern web development principles. Adept at delivering high-quality, scalable software solutions, collaborating effectively in cross-functional teams, and adapting to evolving project requirements.

WORK EXPERIENCE

Senior Software Engineer , Octaads Media Pvt. Ltd

Sept 2024 - Present

- Spearheaded the development of high-performance web applications, focusing on robust architecture and scalable solutions.
- Mentored junior developers, conducting code reviews and promoting best practices in a fast-paced agile environment.
- Collaborated with product management and design teams to translate business requirements into technical specifications and deliver innovative features.
- Optimized existing codebase for improved efficiency and responsiveness, leading to enhanced user experience.
- Implemented advanced security protocols and data protection measures to safeguard sensitive information.

Software Engineer, Grazitti Interactive

Jan 2021 - Sept 2024

- Led collaboration between software development and testing teams to create tailored solutions, enhancing functionality, scalability, and performance.
 - Designed and implemented innovative technology solutions, improving efficiency and reducing response times.
 - Conducted in-depth evaluations of software and hardware interfaces, leading to an increase in integration efficiency and a reduction in interface-related performance issues.
-

SKILLS

- **Frontend Development:** HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, TypeScript
 - **Backend Development:** Node.js, Express.js
 - **Database Management:** MongoDB, MySQL, Firebase
 - **Version Control & Collaboration:** Git, GitHub, Bitbucket
 - **Build & Deployment:** Webpack, CI/CD, Docker
 - **Testing & Debugging:** Jest, Cypress, Postman
 - **Other Tools & Technologies:** Redux, GraphQL, REST APIs, Agile Methodologies
-

EDUCATION

B.Tech Computer Science

Aug 2017 - Aug 2021

Chitkara University

12 Grade

Jan 2016 - Jan 2017

D.A.V Senior Secndry Public School

ACHIEVEMENTS

- **Built and Optimized Scalable Web Applications:** Developed and deployed production-level React apps, significantly improving performance through optimizations like code splitting and lazy loading.
 - **Cross-Functional Collaboration:** Worked with UI/UX designers and backend teams to enhance user experience, reducing bounce rates.
 - **Leadership & Mentorship:** Led Agile development teams, mentored junior developers, and promoted best practices in React, Redux, and state management.
 - **Code Quality & Continuous Improvement:** Implemented unit testing, CI/CD pipelines, and automated deployment, improving code reliability and reducing deployment errors.
-

PROJECTS

- **Leave Management System:** Automated employee leave tracking, requests, and approvals.
- **Real Estate Website:** Platform for buyers, sellers, and agents to explore property listings.
- **Real Estate Website:** Platform for buyers, sellers, and agents to explore property listings.
- **Chat-Bot:** AI-powered chatbot using ChatGPT APIs for automated customer support.
- **Dental Website:** Web platform offering a complete range of dental services.
- **Hospital & Doctor Management System for NGOs:** System to streamline healthcare service management.
- **Song Strea.ming Platform:** Music-sharing platform with features like playlist creation and collaboration
